

Angel Reyes

Frontend Developer

<https://www.linkedin.com/in/angelmonoestereo> | github.com/angelmonoestereo | angelreyes@yahoo.com | +1 407-497-5043 | Orlando, FL

Frontend Developer focused on React/Next.js and JavaScript. Delivers clean, responsive UIs with smooth micro-interactions and reliable releases. Internship experience across Skinstric (camera flow + analysis UI backed by real APIs) and NFT (responsive landing + interactions). Deployed to Vercel; collaborates via Git & GitHub.

Skills: React, Next.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design, REST APIs, Git, GitHub, GitHub Actions, Vercel, Figma, Accessibility (A11y), Web Performance, getUserMedia, Client-side Image Compression. **Familiar:** TypeScript (basic), Tailwind CSS (basic), Node.js (basic)

Work Experience

Skinstric AI — Frontend Developer Intern · Remote · Aug 2025 – Sep 2025

- Engineered an end-to-end camera flow using `getUserMedia` with a custom consent overlay, user guidance, and snapshot capture; implemented client-side JPEG compression with resilient error/fallback handling.
- Delivered an analysis UI with tabs (Race/Age/Gender); normalized heterogeneous API schemas (0–1, 0–100, arrays), ranked outputs, and rendered percentages; added routing and `localStorage` to persist state.
- Deployed to Vercel and introduced lightweight CI via GitHub Actions; optimized responsiveness and perceived performance.*
- Reduced average upload payload from multi-MB images to **sub-1 MB** via client-side compression, improving reliability on mobile networks.*

NFT Internship (React) — Frontend Developer Intern · Remote · Jul 2025 – Aug 2025

- Built a responsive React landing with reusable components and lightweight animations; shipped with Vite/React on Vercel.
 - Applied basic SEO and accessibility (a11y) checks; collaborated via Git/GitHub with PR reviews.
- Links: Live – <https://angel-internship-nft.vercel.app/> · Code – github.com/AngelMonoestereo/angel-internship*

Synchrony Financial — Customer Service Executive · Orlando, FL · Oct 2023 – Present

- Supported secure access requests and customer verification within compliance requirements.
- Maintained onboarding documentation and accurate tracking logs; partnered with internal technical teams to resolve requests quickly.

DAS Digital LLC — Web Developer · Remote · Jan 2018 – Dec 2020

- Built and maintained WordPress/Shopify sites with attention to performance and security.
- Implemented authentication/RBAC and resolved production issues; collaborated with designers to improve UX and conversion.

Projects

Record Store — React App

- Search & detail UI with routing; clean responsive design.
- Live:** react-record-store-api.vercel.app · **Code:** github.com/AngelMonoestereo/React-Record-Store-API

React Movies Clone

- Browse/search UI with **React Router** and reusable components.
- Live:** react-movies-clone-v2.vercel.app/ · **Code:** github.com/AngelMonoestereo/react-movies-clone-v2

Technical Skills

Core: React, Next.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design, REST APIs, Git, GitHub, GitHub Actions, Vercel, Figma, Accessibility (A11y), Web Performance, `getUserMedia` (camera), Client-side Image Compression

Familiar: TypeScript (basic), Tailwind CSS (basic), Node.js (basic), WordPress, Shopify

Tooling: Vite, React Router, Axios/Fetch, Chrome DevTools

Soft skills: Communication, Collaboration, Problem Solving, Adaptability, Customer Focus

Education

Frontend Simplified — Frontend Developer Program, *Certificate*, 2025
University of Central Florida — AWS Cloud Architecture, 2023
