

# Angel Reyes

## Frontend Developer (React / JavaScript / Next.js)

<https://www.linkedin.com/in/angelmonoestereo> | [github.com/angelmonoestereo](https://github.com/angelmonoestereo) | [angel@monoestereo.dev](mailto:angel@monoestereo.dev) |  
+1 407-497-5043 | Orlando, FL

## SUMMARY

Frontend Developer with hands-on experience building and improving responsive web interfaces using React, Next.js, and JavaScript. Experienced in real-world projects involving API integration, camera-based user flows, UI debugging, performance optimization, and deployment to production with Git and CI/CD workflows.

## Work Experience

---

### Skinstric AI — Frontend Developer · Remote · Aug 2025 – Sep 2025

- Built end-to-end camera capture flow using `getUserMedia`, including consent handling, overlays, error states, and client-side image compression.
- Debugged UI issues, improved responsiveness, and optimized performance across devices.
- Implemented analysis UI with dynamic tabs, normalized inconsistent API responses, and fixed edge cases across multiple data formats.
- Deployed to Vercel with GitHub Actions CI; collaborated via Git/GitHub.

### NFT Project (React) — Frontend Developer · Remote · Jul 2025 – Aug 2025

- Developed responsive landing pages using React with reusable components and animations.
- Fixed layout and interaction issues across breakpoints.
- Implemented basic SEO, accessibility checks, and deployment to Vercel.
- Collaborated using Git/GitHub with PR-based feedback.

### Synchrony Financial — Customer Service Executive · Orlando, FL · Oct 2023 – Present

- Supported secure access workflows and user verification in a regulated environment.
- Worked with internal systems, documentation, and issue resolution in collaboration with technical teams.

### DAS Digital LLC — Web Developer · Remote · Jan 2018 – Dec 2020

- Built and maintained WordPress/Shopify sites with attention to performance and security.
- Implemented authentication/RBAC and resolved production issues; collaborated with designers to improve UX and conversion.

## Projects

---

### Record Store — React App

- Search & detail UI with routing; clean responsive design.  
Live: [react-record-store-api.vercel.app](https://react-record-store-api.vercel.app) · Code: [github.com/AngelMonoestereo/React-Record-Store-API](https://github.com/AngelMonoestereo/React-Record-Store-API)

### React Movies Clone

- Browse/search UI with **React Router** and reusable components.  
Live: [react-movies-clone-v2.vercel.app/](https://react-movies-clone-v2.vercel.app/) · Code: [github.com/AngelMonoestereo/react-movies-clone-v2](https://github.com/AngelMonoestereo/react-movies-clone-v2)

## Technical Skills

---

React, JavaScript (ES6+), HTML5, CSS3, REST APIs, Responsive Design, Web Performance, Accessibility (A11y), Git, GitHub, Vercel, Figma.

Familiar: Next.js, TypeScript, Tailwind CSS, Node.js, WordPress, Shopify

Tools: Vite, Chrome DevTools, React Router, Axios/Fetch

## Education & Certifications

---

Frontend Simplified — Frontend Developer Program, *Certificate*, 2025

University of Central Florida — AWS Cloud Architecture, 2023

AWS Cloud Practitioner — Amazon Web Services
